

## Kinds of Writing

In groups of 3:

1) Briefly introduce yourself to the other students in your group. How did you arrive at ENG 101? What are you studying at LaGuardia?

2) As a team, **write down one kind of writing you do 'regularly.'** How is this writing different from writing that you did for ENG 099 (or a similar course)? How is it the same?

3) On a scale of 1 to 5 with 1 being the most informal and 5 being the most formal, **rate the kind of writing** that you came up with in #1:

1                      2                      3                      4                      5

Most 'informal'

Most 'formal'

Fewer 'rules'

More 'rules'

4) On a scale of 1 to 5 with 1 being the least personal and 5 being the most personal, **rate the kind of writing** that you came up with in #1:

1                      2                      3                      4                      5

Least 'personal'

Most 'personal'

- We will spend a few minutes collecting the responses from #2, #3 & #4 (to the questions in bold) to see what you have discovered. So one person in each team should be ready to read your answers.
